### New York Stock Market

New York, April 15.—Regardless of a variety of developments, some of them distinctly unfavorable, the stock market to-day made another very decided move in the direction of higher prices. In the initial dealings it followed London's lead by registering many declines of one to two points, and in a few isolated cases the fall was greater. Marked weakness was shown by the preferred shares, and the bends of the International Mercantile Marine Company, one of whose leading subsidiaries is owner of the steamer Titanic.

The selling movement met with prompt support in the shape of buying orders, which seen effected a great majority of lesses, and in some cases brought the level well above Saturday's close. By midday the movement gathered greater impetus with high records for American Can, common and preferred. In fact, dealings in these shares constituted one of the conspicuous features of the day, both by reason of their activity and gayns. The preferred stocks closed with a pet advance of 5 1-2 points, while the common was up 4 7-8.

The strength of United States Steel manes was another prominent feature, the common was up 4 7-8.

The strength of United States Steel manes was another prominent feature, the common stock leading the entire list in its customary manner, and scorning a net rise of 1 1-2 points.

Copper shares, particularly Amaigamated, also took a leading place in the day's operations.

Harriman and Hill shares as well as storer standard Issues participated in the all round advance, as did also

Harriman and Hill shares as well as other standard issues participated in the ail round advance, as did also many specialties, some of the latter rising from two to five points. In the ait enternoon business slackened materially, but without impairment of quoted values. Some of the days highest prices were quoted in that period, and the list showed no inability to absorb the day's heavy offerbags.

New Orleans, Ls., April 15.—Cotton prices were unsteady to-day under the outlook for good weather in the western half of the belt, bearlsh news from Liverpool and profictaking by longs, the closing being at a net loss of 192 points. Futures opened steady at a decline of \$612 points on poor cables and better weather in the belt than looked for. The market showed scattered rains in the castern half of the belt, but the weylern half was dry with a continuation of dry weather forecast. The market was dull throughout the morning session, longs taking profits at every apportunity and more than supplying the demand, except the middle of the morning when the buying of covers by scalping shorts rain price of the most settle morning when the prices of the most settle morning the market weakened later, but river news prevented much of a decline. Cables reported the English market was beginning to get tired. In the afternoon the market was quest, but steady. Cotton futures quiet and unchanged; middling, Il 5-18c. Sales on spot 380 bales and 190 to arrive. Futures closed steady. April, 11.50 nomina: May, 11.51. Section 11.51.

# Some of the Best

accounts on our books stand in the name of parties who carry their regular accounts elsewhere. We are not in the business of trying to break up old ties and connections. But many men for various reasons carry two or more accounts, and it is right there that our proposition fits in. Remember, please, your money draws 3 per cent. interest as long as it is here, and is subject to check in whole or in part at any time.

Besides, you will like to deal with a strong institution that wants new business, and, thanks to its friends, is getting

yards here, was killed fore this morning while coupling cars. A colored man named John Kellum, of Petersturg, a brakeman, was killed at the same time. It is thought he saw Belcher's danger and in attempting to get him out was caught and terribly mangled.

Belcher lived a few minutes, but could not speak. He leaves a wife and three children, the oldest of whom is Raymond Belcher, a brakeman on the train that killed his father.

Work Starts on New High School.

ISpecial to The Times-Dispatch.

Ispecial to The Times-Dispatch.

Harrisonburg, Va., April 15.—Work
has started on a new \$11,000 high
school in Linville District, as the resuit of a big educational movement
towards consolidating smaller schools.

This school will take the place of four
smaller schools in the district and is
resarded as a big forward movement.

#### ALL THE "BIG FIVE" ALL TO THE POINT

increasing Demand for Smallest Comprehensive Cyclopedia Continues.

And still they come. That long line of all classes, and conditions of men and women which is now passing our cyclopedia counter sems to be never-ending, and the supply of sets is being rapidly depleted.

The Times-Dispatch research the series and the supply of sets is being rapidly depleted.

seems to be never-ending, and the supply of sets is being rapidly depleted.

The Times-Dispatch regrets that the publishers only provided a limited first edition of this work for the advance complimentary distribution, but every ecort will be made to secure a continuation for Richmond.

Those who carried home those little eight-inch bundles yesterday came to the conclusion that all of the "big little library of five volumes" were "ail to the point" for ready reference information. Many of them have written their thanks and others must have told their neighbors, judging by the crowds who came to-day to push this good thing along.

Never before in the history of book publishing has so much information been shown into five volumes of this size, with profuse and appropriate librations, and the effort to make this work one of the highest standard has had its reward in that there has never been such a record-breaking rush for encyclopedias on record as that which is now spending force in The Times-Dispatch office.

Ask your neighbor about the books. To see the set is to feel that you must have it.

Clip those six coupens at once; then the set is yours.

#### Summer Resorts. ANNOUNCEMENT,
